

## **BOARD MEETING AGENDA SUBMITTAL**

TO: CVCS Board of Directors  
FROM: Peter Kampa, General Manager  
DATE: August 20, 2024  
SUBJECT: Item 7d) Discussion of and Direction on the Speed Calming Survey

---

### **RECOMMENDED ACTION:**

Staff seeks direction from the board on whether to proceed with the speed calming analysis.

### **BACKGROUND:**

During preparation of the 2024/2025 fiscal year budget, the board discussed hiring a professional traffic consulting engineer for the purpose of conducting an analysis to identify the need and options to address speeding in the community. We estimated that the cost of such a study could range between \$30,000 and \$40,000 dollars. The purpose of this agenda item is for the board to consider whether it wants to proceed with a request for proposals (RFP) to secure the services of a qualified firm to complete a speed calming analysis.

If the board directs the preparation of an RFP, we can expect a timeline of approximately 6 to 8 weeks before we receive proposals for review. It is possible that we could consider engaging such a consultant at our October or November 2024 meeting.
